

Pasture Management - APPLICATION FORM
for implementing Pasture Management projects

Seine Rat Roseau Watershed District

154 Friesen Ave., Steinbach MB R5G 0T5
Tel: (204) 326-1030 E-mail: info@srrwd.ca

Objective: To encourage a transition to soil health building practices on pasturelands. Our programming aims to increase soil health by increasing soil organic matter and water infiltration, reducing nutrient run off and soil erosion, providing carbon sequestration and augmenting pollinator habitat over three years.

Activities: Planting of diverse species mix to increasing pollinator habitat in pastures or other innovative pasture management projects

Applicant: _____

Cell Phone: _____ Home Phone: _____

Mailing Address: _____

E-mail: _____

Legal Land Description of Project: _____

Number of Acres: _____

Are you the landowner or is property rented?: _____

Do you expect to get funding from another source? Yes / No If so who? _____

2. Pasture Diversification with Pollinator Plantings

Seed Mix (Species): _____

3. Innovation (Please provide description of project)

Terms and Conditions

Cost-share:

All projects include a three-year funding commitment. Approved landowner project with the intent of transitioning to soil health building practices:

- Pasture diversification and innovation is a 50/50 cost share up to \$100/acre to a maximum funding of \$10,000 per producer.
- 3 year commitment to maintain the project

The Landowner Shall:

- Indemnify and save harmless the Watershed District from any and all actions, claims, suits, demands, damages, injuries, or other loss no matter howsoever arising as a result of the establishment of the project
- Maintain project for 3 years.
- Notify the Watershed District in the case of new ownership or rental change of said project land
- Keep track of in-kind contributions made towards the completion of the project;
- Allow the Watershed District to place a project sign at the site to recognize the project partnership between the landowner and the SRRWD with landowner approval
- Allow the Watershed District to share project and participant information with funding partners.
- Allow SRRWD staff access to project location for the purpose of monitoring

The Seine Rat Roseau Watershed District shall:

- Approve all applications prior to establishment
- Monitor project after establishment.
- Maintain funding for the agreed upon amount of acres for the full 3 years of the program at the same agreed upon cost share.
- Distribute carbon or other ecological good and services offset credits that may come from the Project to the project funder(s)

I, _____ hereby authorize you, your engineers, agents, and/or employees with the necessary equipment, to enter upon the aforementioned land for the purpose of site monitoring. I hereby declare that I have read the Conditions and I agree to abide to the said Conditions. I further agree to cooperate with the Watershed District in this regard.
