

**Prairie Watershed Climate Program Cover Cropping –
Expression of Interest Form**
For increasing the adoption of Cover Cropping Practices

Seine Rat Roseau Watershed District

154 Friesen Ave., Steinbach MB R5G 0T5
108 Main St S, Vita MB R0A 2K0
Tel: (204) 425-7877 E-mail: roseau@srrwd.ca

Objective: Cover crops are grown for the protection and enhancement of the soil and provide a number of ecological services including; reducing greenhouse gas emissions, reducing leaching, providing nitrogen to the next crop, reducing erosion, improving soil structure and soil hydric properties, reducing parasite pressure on crops, preventing weed growth and increasing biodiversity on the agricultural landscape.

Activities: Intercropping (with the crop), full season (in lieu of the crop) and shoulder season (after harvest of the crop) cover crops

Conditions: Funding \$35/acre (up to \$85% of costs) up to \$75,000 total PWCP funding per producer across all three funding streams.
